

Apply online for an interior renovation

Delta has a two-step online process to submit your Building Permit application.

*** Please note, paper and email applications are no longer accepted**

STEP 1: Complete the application on DeltaOnline and pay your application fee.

STEP 2: Upload the required plans to our ePlan portal and “Submit for Review”.

For a successful upload of plans, it is essential that the My City email account used for the Building Permit application be the same one used for the upload of the plans.

Your application will only be reviewed once both steps are complete.

Getting started:

- Visit delta.ca to find out information about your property.
- Review the title of the property (**LTSA website**) for land use contracts, rights-of-way, covenants, etc.
- Gather the [building permit submission requirements](#).
 - Confirm that your hired professionals (surveyor, engineers, etc.) are able to provide digitally sealed drawings and reports. When constructing a new dwelling, hard copy applications will not be accepted.
- Submit your application by visiting deltaonline.ca.

Development Department City of Delta
4500 Clarence Taylor Crescent
Delta BC V4K 3E2

Development@delta.ca

Step 1 – Completing the Online Application

1. Go to deltaonline.ca.
2. Select “Permit and Development Applications” and then “Apply for a Building Permit”.
3. Review the instructions and click “Continue”.
4. Log-in or register for a MyCity Account.

Note: In order to upload your plans in Step 2, you need a MyCity Account linked to your email address. Please be aware that all notifications about the application review and approval will be sent to that email address.

5. Respond to each of the questions in the online application.

Helpful Tips

- Construction Value means the estimated total costs to the owner for the proposed construction to be completed.
- The Schedule 2 (Owner’s Undertaking) and Schedule 3 (Owner Authorization) must be signed by all owners listed on the title of the property.

MyCity Account Registration

Create an account: [MyCity Registration](#)

- Use an email you check often.
- Provide your mailing address.
- Set a secure password.
- Allow up to an hour to receive the verification email.

6. On the Completed Application Page:

- If needed, print your receipt.
- Click “Submit Drawings” to move on to Step 2.

Step 2 – Uploading to the ePlan Portal

1. Once you click “Submit Your Drawings” (Step 1), you will be taken to your new application within [MyCity](#). Click “View/Submit Plans”.

Plan Submission

Quick start instructions:
* Use the Browse button to select one or more files
* Please order your plans and documents by file name. Use '0' padded numbers (e.g., 0001-A-Siteplan.pdf)
* Select a Discipline for each file if it is not already selected. **Note: naming conventions defined in the full instructions can automate this**
* Use the Upload button to import the files to the system
* After uploading, use the "Submit for Review" button to the left to start the review process
* Uploading Revisions: Use the exact same file name or use the Upload button to the right of the file under 'Actions'

Browse... Clear Upload Cancel Edit Names Status: Ready

2. Within the ePlan Portal (above), browse for your PDF submission items. You can select multiple documents for upload at once; however, PDFs must be broken up by discipline (architectural, structural, arborist report, etc.). **File names MUST be kept simple and avoid characters within the title name of the document to ensure successful upload of your plans.**
3. Once you upload the PDF files from your computer, you will be prompted to categorize the documents. Categorize each PDF file (discipline, sheet type and description).

Browse... Clear Upload Cancel Edit Names Status: Ready

Name	Discipline	Sheet Type	Description	Revision	Upload Status	Actions
print	Select Discipline	Select Sheet Type		New	Pending Upload	

4. After all PDF files have been categorized, click “Upload” and then “Yes”. Each document will upload. Ensure you see the Upload Status change to “Success”.

Browse... Clear Upload Cancel Edit Names Status: Ready

To perform a complete review of an uploaded file copy, the Reviewing Body requires permission to repurpose the file copy contents. By uploading a file copy, you give the Reviewing Body permission to repurpose the file copy for the purpose of reviewing your submission.

Yes No

Name	Discipline	Sheet Type	Description	Revision	Upload Status	Actions
print	Architectural	Floor Plan	Main Floor	New	Pending Upload	

Browse... Clear Upload Cancel Edit Names Status: Done

Name	Discipline	Sheet Type	Description	Revision	Upload Status	Actions
print	Architectural	Floor Plan	Main Floor	1	Success	

5. To complete the process, once each PDF file has uploaded successfully, click “Submit for Review”.

Revision Letters and Resubmissions

To keep up to date on the status of your application, visit [MyCity](#).

Once the complete application has been reviewed by a Plans Examiner, you will receive an email. In order to access the revision letter and marked up drawings:

1. Click the “View/Submit Plans” button within [MyCity](#).
2. Go to the “Review Documents” tab and download the documents available.
3. Work with your hired professionals to revise the drawings and contact the Plans Examiner if you have any questions. All comments must be addressed.

When you are ready to resubmit your plans:

1. Click the “View/Submit Plans” button within [MyCity](#).
2. Go to the “Plan Documents” tab and upload the revised PDF files (see Step 2 – Uploading to the ePlan Portal).
3. Once all PDF files has uploaded successfully, click “**Submit for Review**”.

Accessing Your Approved Plans

Once your **permit is issued**, you will receive an email. In order to access the approved plans:

1. Click the “View/Submit Plans” button within [MyCity](#).
2. Go to the “Approved Documents” tab and download the documents available.
3. Print full size copies of the drawings (must be available on-site for inspections).

Submitting a Residential Interior Renovation Building Permit Application:

Apply and pay the application fee online at deltaonline.ca. See minimum submission requirements below:

Submission Requirements:		
Document	Required?	Description
Owner's Undertaking (Schedule 2) and Authorization (Schedule 3) form	Required	All owners listed on title of subject property(ies) must sign the owner undertaking and authorization form.
Plans	Required?	Description
Architectural Plans: <ul style="list-style-type: none">• Foundation and Lower Floor Plan• Roof and Upper Floor Plan• Cross Section and Detail	Required	Refer to Plan Requirements below for detailed descriptions
<p>**All plans and information submitted must conform to the current edition of the British Columbia Building Code and applicable City of Delta Bylaws. Plans must indicate building site address and the name of the designer. Drawings except the site plan, will be accepted in imperial measures until such time as local industry standards for residential construction are converted to metric standard. Grade elevations to be in metric and to the Geodetic Survey of Canada datum.</p>		

FOUNDATION AND LOWER FLOOR PLAN

Must include:

- outline of foundation wall and footing
- size and location of pad footings
- interior and exterior dimensions
- size and location of beams and floor joists (for floor above)
- all rooms and use of each, including those immediately adjacent to the proposed addition
- size and location of windows and doors
- rise and run of stairs
- all new or altered plumbing fixtures

NOTE: This sample is for a slab on grade dwelling. Crawl space construction would require a separate foundation and floor plan.

ROOF AND UPPER FLOOR PLAN

Must include:

- ridge and valley lines of roof
- direction and spacing of trusses or framing members
- size and location of beams
- interior and exterior dimensions
- all rooms and use of each including those immediately adjacent to the proposed addition
- size and location of windows and doors
- all new or altered plumbing fixtures

CROSS SECTION

Must include:

- size, thickness and spacing of materials
- roof, wall and floor framing
- sheathing thickness
- drywall thickness
- vapour barrier and insulation values
- exterior finishes for wall and roof
- foundation wall and footing sizes and depth
- slab thickness
- floor to ceiling height
